

75 Howard Condominiums

SAN FRANCISCO, CA

75 Howard consists of 120 units of upscale housing on 20 floors that offer subtle, yet high-class design elements.

75 Howard is an exclusive LEED® Gold condominium tower located on the corner of Howard and Stuart Streets in San Francisco, CA. As one of the last remaining sites on the waterfront in downtown San Francisco, the 335,000-square-foot, 220-foot-tall tower contains 120 residential units on 20 floors above a 5,000-square-foot premier restaurant space. Rosendin's scope of work includes emergency power, fire alarm and security systems.
