## Camp Withycombe – 41st Infantry Armed Forces Reserve Center

CLACKAMAS, OR

The camp supports over 1,300 soldiers, is LEED-Certified and winner of the 2012 National Design-Build Award

Camp Withycombe is a 77+ acre site designed to support more than 1,300 soldiers in the Oregon National Guard and U.S. Army Reserve. The camp is home to several historic military structures including an armory installed in 1956. Rosendin is proud to be a part of the rich history of this facility; being chosen as the design-build electrical contractor for the award-winning Armed Forces Reserve Center project. The project included office suites, an assembly hall, conference and training rooms, a 400-seat auditorium, and electronic and static displays of military artifacts and campaign history to honor the soldiers of the 41st Infantry Division. Rosendin provided site utilities and lighting, electrical, fire alarm, voice/data, audio/visual, and access control/CCTV systems for the project.
