

## The Grand Avenue

LOS ANGELES, CA

Frank Gehry-designed Grand Avenue towers located in downtown Los Angeles

The Grand Avenue project is a design-build project comprised of a 46-story, 436-unit residential tower, and a 28-story, 308-unit hotel tower sitting on top of 10 levels of shared podium and retail. Rosendin is providing design-build electrical contracting services for the electrical, structured cabling, audiovisual, and public safety DAS. This 1.7 million square foot mixed-use construction project is located across from Disney Hall, and includes 630,000 square feet of below-grade parking, 226,000 square feet of retail and restaurant space, as well as residential and hotel units.
